

CORPORATE GOVERNANCE

The Board has given consideration to the code provisions set out in the Quoted Companies Alliance Code (the "QCA Code") and in accordance with the AIM Rules. Accordingly the Directors have chosen to provide certain information which they believe will be helpful having regard to the scale and nature of the company's activities.

INFORMATION SUMMARY

The Board is made up of three Directors, all of whom are Independent Non-Executive Directors. The Directors have a range of business, financial and asset management skills and experience relevant to the direction and control of the Company.

The Advisers ensure that the Directors have timely access to all relevant management, financial and regulatory information to enable informed decisions to be made.

Due to the size of the Board, and the fact that the Directors are independent of the Adviser and all three Directors are independent of the Administrator and the Custodian, the Board has not set up separate audit, remuneration and nomination committees on the grounds that the Board as a whole considers these matters.

The Board meets on a regular basis at least two times each year and additional meetings are arranged as necessary.

The table below summarises the meetings held in 2016 and the attendance by each board member.

SUMMARY OF STRATEGY

Investment objective and strategy

The Company's principal activity is the holding and managing of investments in Romania, Serbia, Bulgaria and neighbouring countries (the "Target Region"). The Company generates returns for its Shareholders through two primary routes: achieving medium and long term capital appreciation (the Private Equity Programme), and making portfolio investments in listed equities and fixed income securities, issued primarily by Romanian and Bulgarian entities (the Trading Programme).

Private Equity Programme

Under the Private Equity Programme, the Company takes significant or controlling stakes in companies operating primarily in the Target Region. The Company invests in investee companies where it believes its Advisers can add value by implementing operational and/or financial restructuring over a 3 to 5 year horizon. The Company only makes an investment under the Private Equity Programme if its Advisers believe there is a clear exit strategy available, such as trade sale, break up and subsequent disposal of different divisions or assets, or a flotation on a stock exchange.

Trading Programme

Under the Trading Programme, the Company aims to generate short and medium term returns by investing such portion of its assets as determined by the Directors from time to time in listed equities and fixed income securities, including convertible and other mezzanine instruments, issued by entities in the Target Region. The Trading Programme differs from the Private Equity Programme in the key respect that the Company will typically not take significant or controlling stakes in investee companies and will typically hold investments for shorter periods of time than investments made under the Private Equity Programme.

Change of investment objective and policy of the Company

Following the annual general meeting of the Company on 14 December 2012, the investment objective and policy of the Company was amended such that no new investments will be made, further investments into existing portfolio companies will be permitted in certain circumstances pending their realisation and, following each realisation, all proceeds will be returned to Shareholders after paying outstanding liabilities and setting aside a sufficient amount for working capital purposes.

DESCRIPTION OF ROLES

Dirk Van den Broeck is the chairman of the Company. He is independent from Advisers and is not involved in the day to day running of the Company. His primary responsibilities are to ensure that the Company follows its strategy, the Board operates effectively and all board members apply the highest corporate governance standards to the Company by following the principles and guidance of the QCA Code.

Since all day to day management responsibilities are subcontracted to the Advisers and Administrator, the Company does not have a Chief Executive Officer as the roles are already effectively separated.
